## Criteria for Receiving Credit

Throughout the six semesters of study in Level Two, a student is required to earn 12 hours of Beyond Academics credit. Upon evaluation of your portfolio, you may be awarded from two to the entire 12 hours of credit. The criteria for awarding credit are as follows:

1. A fully developed ministry timeline as explained in the course *Church Leadership* and in the *Beyond Academics* manual.
2. In place of the *Integrative Paper*, a 15-20 page paper documenting the influence of mentors in the life and ministry of the student. The paper should also exhibit an understanding of the importance of mentors throughout the lifetime of a leader/minister.
3. A well thought-out evaluation showing the maturing of the student in the satisfactory accomplishment of at least 60% of the competencies listed in the *Beyond Academics* manual.
4. An appendix of documents providing a view of the student's accomplishments, recommendations, honors, and growth in ministry.

Your portfolio will be evaluated within two weeks of its receipt in the Inste Global office. You will be notified by email of the amount, in any, of experiential credit you would be awarded and further steps, if any, to be taken to fulfill the Beyond Academics requirements in the program in which you are enrolled.

## Cost per Credit Hour Awarded

If you are awarded Beyond Academics credit for experiential learning, you will be charged the current price per credit hour for the number of hours you are awarded.
